Thank you Scott and Dr. Roberts. This looks great. Really glad to have this addition to our supplemental memo.

Subject: CSTAG Memo Subsurface Summary

Jen, attached are the subsurface contaminant distribution summary attachment and supplemental memo with attachment called out in track changes...I hope that make sense. Just so you're not surprised we included some summary statistics from the surface contaminant distribution so the 2 surface and subsurface data is more easily comparable.

I apologize for getting this to you a little later than I had hoped. MS Word and I had a disagreement regarding formatting...I think I won.
